

CAPABILITY STATEMENT

Construction Corps, Inc. | Design-Build General Contractor | Clearwater, Florida

SBA-CERTIFIED SERVICE-DISABLED VETERAN-OWNED SMALL BUSINESS (SDVOSB)

ABOUT US

Construction Corps, Inc. is a service-disabled veteran-owned (SDVOSB) design-build general contractor headquartered in Clearwater, Florida. We provide commercial and institutional construction, renovation, structural repair, disaster recovery, and licensed mold remediation for government and institutional clients. Design, engineering, permitting, and project management are handled in-house under one contract, executed by our W-2 field crews and vetted trade partners. Our leadership brings 30+ years of construction experience, including public works for the City of Los Angeles, schools, hotels, and broadcast facilities.

CORE COMPETENCIES

- Commercial and institutional construction
- Structural repair and building envelope
- Disaster recovery and storm build back
- Mold remediation and assessment
- Facility repair and maintenance
- Renovation and interior build-out
- Roofing and exterior repairs
- Water damage restoration
- Selective demolition and reconstruction
- Design-build project delivery

DIFFERENTIATORS

- SBA-certified Service-Disabled Veteran-Owned and Veteran-Owned Small Business
- Six Florida licenses held in-house: general contracting, engineering, electrical, plumbing, mold remediation, and mold assessment
- One contract, one accountable company: design, engineering, permitting, and project management in-house
- W-2 field crews supported by vetted, insured trade partners
- Occupied-facility renovation experience: schools, churches, broadcast, and public facilities
- 400+ mold remediation projects completed by our team
- Leadership: U.S. Army combat veteran with 30+ years in construction and projects contracted in 10+ states

PAST PERFORMANCE

Wholesome Goods | Warehouse-to-Studio Conversion, Tampa Bay, FL (2023)

Structural steel demising walls converting warehouse space into sound, photography, and recording studios. Reference: Gil Goldenberg, Production Manager.

City of Los Angeles | Parks and Recreation / Public Works (2016)

Decommissioned the Pershing Square fountain in downtown Los Angeles; engineered and erected a large outdoor platform for city concerts and events. Reference: Emiliana Guereca, City of Los Angeles Events Coordinator.

KTTV Fox Television Studios (2016)

Expansion and renovation of indoor and outdoor break room and lounge facilities. Reference: Juan Ortiz, Project Manager.

City of Los Angeles and KTTV projects were completed under principal Matt Thompson's leadership prior to Construction Corps' 2022 Florida incorporation.

Representative current Florida work: institutional facility build back with licensed mold remediation (St. Petersburg); commercial bar build-out (Pinellas County).
